Water Meters for residential accounts are read every month. This is the amount of water used between meter reading dates.

The sewage fee is based on the amount of water you use up to a maximum of 15 ccf a month for residential customers.

This is the amount of water you used this billing period and the amount you used last month and same month last year.

C.S.O. Treatment is a fee for separating and treating the combined storm water runoff that mixes with wastewater. The construction of the Combined Sewer Overflow system was mandated by the state and the fee is charged to pay for the operating costs. The fee is based on your water usage.

This is the fee for garbage collection set by the city and collected for the city by Columbus Water Works
